

ISSF

Amendments, corrections and changes included in the second printing of the ISSF Rule Book, Edition 2005 (Changes are highlighted) Date: November 2005

The following amendments, corrections and changes have been formulated by the Section Committees. Particular attention should be made to the rifle clothing regulations which now take effect from 1. January 2006 (the transition period has now finished).

Some more only editorial corrections as they do not materially change the rules have been collected. This list is published on our website and can be downloaded free of charge or can be obtained from the ISSF Headquarters.

3. ISSF General Regulations

3.6.8.4 When Junior category events are scheduled in the World Championships, the number of participants allowed per event is the **same including substitutes.**

Article 3.12.3.5, Annex “C”

C.5.5.2.2 At World Cups, the Organizing Committee must award:

World Cup medals in gold, silver and bronze colors to the first three in the events. The ISSF will supply a complete set of medals (Gold, Silver and Bronze) for the World Cup Events. World Cup Individual Titles, Quotas and Medals will only be awarded if a minimum of 15 individual shooters participate in each of the Men's and Women's events. If these minimums are not reached, the Event will be declared an “International Championships” or “Grand Prix” of the nation which organizes the competition. The Organizing Committee has to inform the Nations in question of such a change immediately after the deadline of the Preliminary Entry.

C.9.1.3.1 Preliminary Entries

Each national federation entering the World Cup must submit a preliminary entry to the Organizing Committee at least four (4) months before the official day of arrival. **Any preliminary entries received after the final program is composed (see C.2.5.3) will be entered on a waiting list according to the date of the entry and may be possible that one participates only as MQS shooter(s) if targets/places are available. The Organizing Committee must inform the Nations in question of any such change immediately after these entries are received.**

ISSF

7. Rifle Rules

- 7.4.1.1** Shooters must use only equipment and apparel that complies with the ISSF Rules. Anything (rifles, devices, equipment, accessories, etc.) which may give a shooter an unfair advantage over others and which is not mentioned in these Rules, or which is contrary to the spirit of the ISSF Rules and Regulations, is prohibited. The shooter is responsible for submitting all equipment and apparel for official inspection and approval to an ISSF-supervised Equipment Control prior to its use in ISSF competitions. Team leaders are equally responsible for ensuring that the shooters' equipment and apparel comply with the ISSF Rules and Regulations. All equipment and apparel may be inspected on a one-time only basis at an ISSF World Championship or World Cup. Equipment Control certification must be retained with inspected equipment for presentation in accordance with Rule 7.5.2.4. Any inspected equipment or apparel that is changed must be re-inspected. All equipment and apparel is subject to follow-up checks after competitions. The Jury has the right to examine a shooter's equipment and apparel at any time.
- 7.4.3.4.1** The minimum trigger pull is 1500 grams. The trigger pull must be measured with the barrel in a vertical position. Trigger weight control checks must be conducted immediately after the last series. A maximum of three (3) attempts to lift the weight is allowed. Any shooter, whose rifle fails the test, must be disqualified.
- 7.4.7.2** All shooting jackets, shooting trousers and shooting gloves must be made of flexible material that does not materially change its physical characteristics, that is, become stiffer, thicker or harder, under commonly accepted shooting conditions. All lining, padding and reinforcements must meet the same specifications. Any lining or padding must not be quilted, cross-stitched, glued or otherwise affixed to the outer clothing layer other than at normal tailoring points. All lining or padding must be measured as a part of the clothing.
- 7.4.7.2.1** Only one (1) shooting jacket, only one (1) pair of shooting trousers and only one (1) pair of shooting shoes may be approved by Equipment Control for each shooter for all rifle events in any championship. This does not prevent the shooter using ordinary trousers or normal athletic type training shoes in any event or position. The jacket must be capable of being used in all three positions (prone, standing and kneeling) and must meet all other specifications in order to be approved for the competition. Any item of clothing which fails to pass at Equipment Control may be retested without removing the item of clothing from the Equipment Control room. A third test may be conducted after the second test without the item of clothing being removed from the Equipment Control room. If the item of clothing fails to pass the Equipment Control on the third test it may not be resubmitted and must be indelibly marked, unless permanent alterations are made.

ISSF

- 7.4.7.2.1.2** Before and during all tests the clothing must not be temporarily manipulated by heat or other means. Permanent alterations to clothing may be made. Clothing items may be removed from Equipment Control for this purpose and resubmitted.
- 7.4.7.7.2.5** Follow-up controls after the competition (in Olympic Events after Qualifications) will be supervised by the Jury. Follow-up controls must ensure that as many finalists as possible are checked, together with a few random selections.
- 7.4.7.7.2.6** The check will be conducted immediately after the shooter has finished. If the clothing fails, it will be tested again after the first check. If any item of clothing fails a second time, the shooter must be disqualified.
- 7.4.7.7.2.7** Before and during all follow-up controls, the clothing must not be manipulated by heat or other temporary or permanent means.
- 7.4.7.8.2** Closure of the jacket must be only by non-adjustable means e.g. buttons or zippers. The jacket must not overlap more than 100 mm at the closure (see Jacket Table). The jacket must hang loosely on the wearer. To determine this, the jacket must be capable of being overlapped beyond the normal closure by at least 70 mm, measured from the center of the button to the outside edge of the button hole. The measurement will be taken with the arms at the sides. Reinforcing of the button hole is permitted and it must meet the requirements of thickness and stiffness.
- 7.4.7.9.1** The trousers, including the lining, must not exceed 2.5 mm in single thickness and 5 mm in double thickness at any point where flat surfaces may be measured. The top of the trousers must not fit or be worn higher on the body than 50 mm above the crest of the hipbone. All drawstrings, zippers or fasteners to tighten the trousers around the legs or hips are prohibited. To support the trousers only a normal waist belt not more than 40 mm wide and 3mm thick or braces (suspenders) may be worn. If a belt is worn in the standing position, the buckle or fastening must not be used to support the left arm or elbow. The belt must not be doubled, tripled etc. under the left arm or elbow. If the trousers have a waist band, it may not be more than 70 mm wide. If the thickness of the waistband exceeds 2.5 mm, a waist belt is not permitted. If a waist belt is not worn, the absolute maximum thickness of the waistband is 3.5 mm. The trousers may be closed by one hook and up to five (5) eyes, or up to five (5) adjustable snap fasteners, or similar closure or Velcro. Only one type of closure is permitted. A Velcro closure combined with any other closure is prohibited. The trousers must be loose around the legs. If special shooting trousers are not worn, ordinary trousers may be worn providing they do not give artificial support to any part of the body.

ISSF

7.4.7.12.2 Rifle Rests

The use of a rifle rest for resting the rifle between shots is permitted providing that it is not higher than the shooter's shoulders **when standing normally**. A stand for resting the rifle must not be placed in front of the shooting table in the standing position. A kneeling roll may be used as a rifle rest between shots. Care must be exercised that whilst resting the rifle, it does not intrude upon the adjacent shooter. **For safety whilst the rifle is on the rifle rest, it must also be held by the shooter.**

7.6.4.1.2 Then they will be given the command "PREPARATION TIME BEGINS NOW". Before and during the Preparation Time shooters may handle their rifles, **dry fire**, carry out holding and aiming exercises on the firing line providing there are no personnel forward of the firing points.

8. Pistol Rules

8.2.5.1 When the pistol is out of its case, the pistol must always be pointed in a safe direction. **When not actually firing, all pistols must be unloaded and the action must be open. The action, breech or loading device must not be closed until the pistol is pointing down range in a safe direction toward the target/butt stop area.** In the range, when the pistol is not on the firing point, it must always be in its case, unless otherwise authorized by a Range Officer.

9. Shotgun Rules

9.2.2.4.2 After the last shot and before placing the gun in a rack, armory etc. the shooter must ascertain and the Referee must verify before leaving the shooting Station, that there are no cartridges or cartridge cases in the chamber and/or magazine. **If the verification does not take place, the shooter may be disqualified.**

9.2.4 "Release" Triggers

9.2.4.1 The use of "Release" Triggers is prohibited.

9.2.4.1.1 to 9.2.4.1.4 is deleted

9.8.7 NUMBER OF MALFUNCTIONS PERMITTED

9.8.7.1 **The shooter is permitted a maximum of two (2) malfunctions per round whether or not he has changed his gun or ammunition.**

9.8.7.2 **All regular target(s) on which any additional malfunction of gun or ammunition occurs in the same round will be declared "LOST" whether or not the shooter attempted to fire.**

Editorial corrections which do not change the meaning of the rule included in the second printing of the ISSF Rule Book, Edition 2005 (Corrections are indicated in yellow) Date: November 2005

2. Terms of Reference

2.3.5 Quorum and Voting Procedures

A quorum in Committee meetings is 50 % of the members (including the Chairman), unless otherwise stated in the Constitution. Proxy voting is not permitted. Each member of the Committee has one vote. The Chairman in the case of a tie, shall cast the deciding vote. All decisions are taken by open ballot, except when a secret vote is requested by 50 % or more of the members present. A postal vote may be conducted in the interval between meetings. When a postal vote is required, the Chairman must send to each member (and a copy to the ISSF Headquarters) a clear statement of the question to be voted upon, with a request that each member must return his vote before a stated date. Within eight (8) days of closing the postal vote, the Chairman must send a report and the result of the vote to the ISSF Headquarters. A non-response will be taken to signify an affirmative vote.

3. ISSF General Regulations

3.2.6 Page 26 Duplicated number. This rule is in twice and has to be deleted.

3.3.2.3 The full program is conducted as a "Qualification" round. "Finals" in the Olympic Events are conducted in accordance with Article 7.14 (Rifle), 8.14 (Pistol) and 9.14 (Shotgun), established by the Administrative Council according to Article 1.7.2.5 of the ISSF Constitution.

3.7.7.3.1 the final Program must not be changed;

C.1.3.1 **Letter of Intent**

A letter of Intent must be sent to the ISSF Secretary General for any World Cup; this must be received by December of two (2) years before the World Cup (i.e. World Cup in year 2007 – application must be received by December 2005). The application must include:

location, dates and events; details of shooting range(s); number of firing points 10 m, 25 m and 50 m, **number of shotgun ranges (3.5.1)** and if a separate Finals range; which target systems will be used (electronic or paper target). **If EST, the make; If paper, the make and is access be possible before the completion of the competition.** **In** qualification; proposed preliminary program; accommodation (categories and distances to range and airport); location and distance of nearest international airport; legal regulations and procedure for firearms and ammunition import/export and storage and any other relevant information.

Page 70 Flow chart – delete the first **Competition Office (in twice)**

C.2.5.1

The preliminary program for the World Cup must be prepared by the Organizing Committee and submitted to the **ISSF** Secretary General for examination by the ISSF TD and approval by the ISSF Secretary General.

6 months before the official day of arrival

ISSF

C.2.5.3	The final program for the World Cup must be prepared by the Organizing Committee and submitted to the ISSF Secretary General at least 3 months in advance for examination by the ISSF TD and approval by the ISSF Secretary General.	3 months before the official day of arrival
C.5.0	Schedules and Programs of Events	
C.5.3.1.1.1	Unofficial Training	
	Please refer to Technical Rules 6.5.7.3. For Shotgun see Rule 9.6.2.2.	
C.5.3.1.1.3	Pre-Event Training	
	Scheduled Pre-Event training must be included to allow each shooter entered in an event to have a short period (minimum one (1) hour) of training on the day before that event. (Note: it is not obligatory to assign the same targets as for the Qualification Event). For Shotgun see Rule 9.6.2.1.	
C.5.3.2.2.2	Additional Considerations	
	Timings must allow athletes to be in the Preparation Area at least 20 minutes before the scheduled starting time and must take account of the likely time that Official Results will be available allowing for Protest Time (and the resolution of any Protests)	
	In calculating the time to be allowed for these events, the possibility of shoot-offs at the end of the Qualification rounds to gain places in the Finals must be taken into account.	
	In addition, in 25 m pistol Qualification rounds, there may be one additional series per stage to complete malfunctions.	
C.5.3.2.4	Shotgun events should be scheduled as follows:	
	Double Trap followed by Trap and Skeet competitions, unless otherwise proposed by the Organizing Committee and approved by the Technical Delegate and the ISSF Secretary General.	
C.5.5.1	Opening and Closing Ceremony	
	The World Cups may be inaugurated with an opening ceremony that is held on either the first day of competition or the day before. A closing ceremony may be held on the last day of competition. The ISSF Secretary General should approve arrangements for the opening and closing ceremonies, if conducted.	
C.6.0	Meetings	
C.7.0	Finals	
C.7.1	Requirements for the Shotgun Finals Events

C.8.0 Documentation

C.8.5.1.2.3.1 In the evening before an event

Daily Preview – for all events which are on the program for the next day; Start List for next days' competition. All shooters and team officials must receive the start lists before 1800 hours on the day before the event.

C.8.5.1.2.3.4 Thirty (30) minutes after first stage/day results are approved for 'Two-Stage/Day Events'

Start List (25 m Rapid Fire Pistol Men, Stage 2)

Start List (25 m Pistol Women, Stage 2)

Start List (Trap/Skeet Men, Day 2)

C.9.0 Specifications of Championship activities

C.9.2.7 Additional Fees

A reasonable fee for shotgun training may be charged if approved by the Executive Committee of the ISSF. This approval must be shown in the invitation.

C.9.2.8 Late Entry Fee

Any entry accepted after the final entry deadline will incur a penalty of \$ 50.00 US dollars for each shooter entered in each event which has to be paid to the organizing committee by the federation who makes the late entry.

For additional information please refer to ISSF General Regulations 3.7.7.3.3 following.

C.9.2.9 Expenses for Travel and Transportation

C.9.2.9.1 The participating federation is responsible for the travel and living expenses of team members.

C.9.2.9.2 The Organizing Committee must provide transportation from the local airport or railway station to the hotel and from the hotel to the range.

The cost for transportation from the airport(s) to the hotel and back may be charged if approved by the Executive Committee of the ISSF.

C.9.4.4.7 The Organizing Committee may also request additional Jury Members to those formally designated and with the approval of the ISSF.

C.9.5.2 Formats

Each OC must adopt the ISSF electronic format in order to fulfill the standardized procedure. For detailed description refer to ISSF Headquarters.

C.9.5.3 Tools

The Organizing Committee must upload the results to the official ISSF result service server which will be provided by the ISSF to the Organizers for the correct production of official final result outputs. For detailed description refer to **ISSF Headquarters**.

C.9.10.3 Number of Tests

For detailed information refer to 5.0 ISSF Anti-Doping Regulations. The number of tests must be approved by the ISSF Headquarters.

C.9.10.4 Laboratories

Only IOC accredited laboratories (list is available at ISSF Headquarters) may be chosen for the analysis.

The organizer must obtain written approval (fax is acceptable) from the **ISSF** Secretary General for the selection of the laboratory, at the latest, one (1) week prior to the start of the World Cup.

S.3.6 will become S.3.5 The current license should not be returned when applying for a renewal, though it will cease to be valid after the expiry date. Applications for renewal should be submitted at least three months before expiry.

ISSF

S.3.7 will become S.3.6 The Chairman of the Judges' Committee in co-operation with the ISSF Headquarters and the Chairman of the Shotgun Committee and in some cases also with a member of the Medical Committee will deal with all renewals. Renewed licenses will be returned to the National Federation.

S.3.8 will become S.3.7 A fee of Swiss Francs (CHF) 20.00 will be charged for each renewal.

Article 3.12.3.12, Annex "AC"

AC.2.1 The ISSF Athletes' Committee must be composed of seven members, four of them elected by the athletes participating in the ISSF World Championships which are held every four years and three members appointed by the ISSF Executive Committee.

AC.2.1.1 In addition to the four elected athletes, three additional athletes will be appointed by the ISSF Executive Committee as equal members of the committee in order to guarantee a balance between continents, genders and disciplines.

AC.2.2 The election of the four committee members was organized during the ISSF Pre-Olympic Test Event and the World Cup in April of 2004 in Athens, Greece. This transition period will only last two years until the World Championships 2006.

AC.2.2.1 The following elections will be held during the World Championships.

AC.2.3 To qualify as a candidate, an athlete must never have been found guilty of a doping offence and must have participated in either the last Olympic Games or in the previous or present World Championships.

AC.3.0 ELECTION PROCEDURE

AC.3.1 The ISSF Member Federations may present a candidate for the ISSF Athletes' Committee according to the Guidelines to the Constitution, but not earlier than two months before and not later than 15 days before the day of the opening ceremony.

AC.3.2 The ISSF Headquarters will establish a list of all nominated candidates including a brief biography. This list will be published on the ISSF website.

AC.3.3 With the accreditation of all participating athletes in the World Championships, each athlete will be issued a voting paper showing all candidates and the information on the voting procedure.

AC.3.4 Each athlete may only vote for a maximum of four candidates from the voting ballot.

AC.3.5 The four athletes, who have received the highest number of votes, will be considered elected as members of the ISSF Athletes' Committee.

ISSF

4. ISSF Eligibility and Sponsorship Rules

Wherever the words “Start (Bib) Numbers” are found, these must be replaced with the words “Bib (Start) Numbers”

RULE 41 - ELIGIBILITY CODE

To be eligible for participation in the Olympic Games, a competitor, coach, trainer or other team official must comply with the Olympic Charter as well as with the rules of the IF concerned as approved by the IOC, and the competitor, coach, trainer or other team official must be entered by his NOC. The above-noted persons must notably:

- respect the spirit of fair play and non violence, and behave accordingly; and
- respect and comply in all aspects with the World Anti-Doping Code.

Olympic Charter Rule 42 Nationality of Competitors Bye-Law to Rule 42

- 3 If an associated State, province or overseas department, a country or colony acquires independence, if a country becomes incorporated within another country by reason of a change of border, if a country merges with another country, or if a new NOC is recognized by the IOC, a competitor may continue to represent the country to which he belongs or belonged. However, he may, if he prefers, elect to represent his country or be entered in the Olympic Games by his new NOC if one exists. This particular choice may be made only once.

Olympic Charter Rule 53

Advertising, Demonstrations and Propaganda

5.0 ISSF Anti-Doping Rules

5.3.6.1 Possession by a shooter at any time or place of a substance that is prohibited in Out-of-Competition Testing or a Prohibited Method unless the Shooter establishes that the Possession is pursuant to a therapeutic use exemption granted in accordance with 5.5.3 (Therapeutic Use) or other acceptable justification.

5.3.6.2 Possession of a Prohibited Substance that is prohibited in Out-of-Competition Testing or engage in or carry out a Prohibited Method by Shooter Support Personnel in connection with a Shooter, Event or training, unless the Shooter Support Personnel establish that the Possession is pursuant to a therapeutic use exemption granted to a Shooter in accordance with 5.5.3 (Therapeutic Use) or other acceptable justification.

6. Technical Rules for All Shooting Disciplines

- 6.3.1.8.1** The Electronic Scoring Target system comprises a simulated target with its own electronic scoring mechanism, a firing point monitor, a printer to record the shot value and a remote display for spectators. The face of the target is a white card without scoring rings. In the center is a hole which is the size of the black portion of the selected target (except the target according to the Rule 6.3.2.4 and 6.3.2.7.2.2).
- 6.3.4.1** Backing Targets for 50 m ranges
For locating cross shots if possible Backing Targets 0.5 m – 1 m behind the targets must be used. The exact distance between the target and the backing target should be measured and recorded. As far as possible, this distance should be the same on all targets.
- 6.3.15.2.1** The nearest edge of the bench or stand must be placed 10 cm forward of the 10 m Firing line. The use of a board as a firing line is not permitted.
- 6.3.18.11.2.4** This rule is deleted and the next three numbers are –4, –5 and -6.
- 6.3.21.2.2** When separate Double Trap pits are constructed, see Figures 6.3.21.2.10, the distance from the center machine on one field to the center machine on the adjoining field should not be less than 35 m. (The angles of targets in Double Trap (see Figure) are not so severe as Trap therefore do not need reductions.)
- 6.3.21.2.6** The five (5) shooting stations must be arranged on a straight line at a distance of 15 m to the rear and parallel to the front edge of the trap pit. Each station must be prominently marked with a square 1 m x 1 m. Station 3 must be centered on the middle trap in the group. Station 2 is 3 m - 3.30 m to the left of Station 3 and Station 1 is equidistant to the left of Station 2. Likewise Station 4 is 3 m - 3.30 m to the right of Station 3 and Station 5 equally 3 m - 3.30 m to the right of Station 4 (see Figure, Separate Double Trap Range). A sixth Station must also be marked about 2 m to the rear and slightly to the left of station 1 where shooter number 6 may take his position at the start of the competition. All six of the shooting stations must be furnished with a table or bench where the shooters may place their extra cartridges and equipment. The stations must be firm and level in all directions and must be at the same elevation as the front edge of the roof of the trap pit. Each station (six) must also have a block of wood, piece of carpet or thick rubber sheet about 15 cm square or round upon which a shooter may rest his gun. (remainder of this rule has been deleted)
- 6.3.21.2.10** Drawing number changed to 6.3.21.2.9

ISSF

- 6.3.22.3.3** Targets properly released must pass through a circle **0.9 m – 0.95 m** in diameter, located 4.60 m +/-0.05 m above the target crossing point.
- 6.4.1.3** Members of the Jury have the right to make individual decisions during the competitions, but should confer with other Jury Members and Range Officers when any doubt exists. If a Team Official or Shooter does not agree with a decision of an individual Jury Member, a decision of the majority of the Jury may be sought by making **a written protest**.
- 6.4.1.4** When **a written protest** is made it must be decided by a majority of the Jury. When a team official or shooter does not agree with such a Jury decision, he may appeal that decision to the Jury of Appeal. Decisions of the Jury of Appeal are final in all ISSF Championships. Decisions by the Classification Jury on the value or the number of shots on a target are final and may not be appealed.
- 6.5.1** **National Federations** must submit final entries with the names of the shooters for individual and/or team events to the Organizing Committee at least 30 days in advance of the championships. The first and second substitute must be registered with the organizing Committee at least two (2) days before the start of the event (see ISSF General Regulations Article 3.7.6.3).
- 6.5.6** In the Shotgun events the random selection of ranges and the division of the rounds may be done either by the drawing of lots or with a computer program suited for the purpose under the supervision of the Technical Delegate(s) (see also 9.7.4.3 **and** 9.6.5).
- 6.9.3** All shooters must be provided with a Bib (Start) Number for use on the back of the outer garment above the waistline during the full time of the competition. The Bib (Start) must display the allocated number, family name, initials and the nation of the shooter. The IOC abbreviation of the nation must be used. **The height** of the letters should be as big as possible **and** should not be less than 20 mm (for Shotgun see also 9.9.4.2).
- 6.10.0** **INDEX**
- 6.11.0** **Deleted**

7. Rifle Rules

7.2.1 ISSF Rules state only specific safety requirements which are required by the ISSF for use in ISSF Championships. The safety of a shooting range depends to a large extent on local conditions, so additional safety rules may be established by the Organizing Committee. The Organizing Committee must know the principles of range safety and take the necessary steps to apply them. The Organizing Committee bears the responsibility for safety. **Juries and Range officials**, Team officials and shooters must be advised of any special regulations.

7.3.0 RANGE AND TARGET STANDARDS

Detailed target and range standards may be found in the Technical Rules (see Section **6.3.0**).

7.4.3.5.2.1 If the **rifle** is accidentally loaded with more than one (1) pellet:

7.4.3.5.2.1.1 if the shooter is aware of the situation, he must raise his non-shooting hand to indicate to a Range Officer that he has a problem. A Range Officer must then supervise the unloading of the **rifle** and no penalty will be incurred. No extra time will be allowed, but the shooter may continue in the normal way;

7.4.7.1 It is the responsibility of the competitor to appear on the ranges dressed **in a manner** appropriate to a public event.

7.4.7.6 **Side Blinders (either or both sides)** attached to the hat, cap, shooting glasses, or to a head band, not exceeding 40 mm deep (A) are permitted. These blinders must not extend further forward than to a line from the center of the forehead (see also 7.4.2.3.4).

7.4.7.7.1.2 Thickness – Table

		Jackets	Trousers	Shoes	Gloves	Under-wear
	single thickness	2.5 mm	2.5 mm	4.0mm	—	2.5 mm
	double thickness	5.0 mm	5.0 mm	—	—	5.0 mm
	total thickness	—	—	—	12.0mm	—
Reinforce-ments	single thickness	10.0mm	10.0 mm	—	—	—
Reinforce-ments	double thickness	20.0mm	20.0 mm	—	—	—

7.4.7.7.2.1 Stiffness

The device used to measure the stiffness of clothing must be capable of measuring to one tenth of a millimeter (0.1 mm) and have the following dimensions:

A	Measuring cylinder	=	60 mm diameter
B	Measuring weight	=	1000 g (including grip and measuring plate C)
C	Measuring plate	=	20 mm diameter
D	Digital display		indicating 0.1 mm
E	The rounding of the edges on the measuring plate (C) and measuring cylinder (A) must not be more than 0.5 mm radius as maximum.		

7.4.7.7.2.2

7.5.3.1 fill out or verify the corresponding information on the scorecard and scoreboard, (shooters name, **Bib (Start) number**, firing point number, etc.);

7.5.7.3 No CLEAR LOG must be made before the Classification Jury **has given permission**.

7.6.6.1.4 If a shooter's equipment has been passed by Equipment Control, but the shooter is unable to produce the Equipment Control Card at the start of the event, the shooter may commence, but will be penalized with a deduction of two (2) points from the lowest value shot of the first series, if he (or his coach or team official) cannot obtain confirmation that the equipment has been previously passed by the Control Section before the official end of the shooting time for that relay of that event. The responsibility rests with the shooter (or his coach or **team official**) to visit the Equipment Control Section for this purpose. No extra shooting time will be allowed.

ISSF

- 7.6.6.2.1.2.1** If a shooter fires more shots at one of his match targets than are provided for in the program of the event, he must not be penalized for the first two (2) **shots**. For the third and all succeeding such misplaced shots he must be penalized by a deduction of two (2) points for each one in the event from the series in which the occurrence happens. He must also fire a fewer number of shots at the remaining targets so that the number of shots in the competition program remain the same.
- 7.8.2** The maximum extra shooting time allowed to repair or replace a rifle is 15 minutes, **shooting must be completed in the same relay**.
- 7.8.3.3** the malfunction is due to any cause that could reasonably **have been** corrected by the shooter.
- 7.10.5** All approved equipment must be marked with a seal or sticker, **as appropriate**, and the approval must also be recorded on the Equipment Control Card.
- 7.10.8** This article is deleted.
- 7.13.4.3.1** When using paper targets, a shooter or team official who considers that a shot was scored or recorded incorrectly may protest that score, except that decisions made regarding the value of shots by using gauges are final and cannot be protested. Scoring protests may only be made on scores which have been decided without using a gauge or when incorrect entries in the result list or score card appear to have been made. **The same penalties that apply to Electronic Scoring Target score protests apply (see 7.13.4.2.3).**
- 7.14.3.3** **Electronic targets only**
- 7.14.3.3.1** **The target presentation on the spectator's monitors must be the same for all eight (8) monitors and needs to be easily visible by the spectators.**
- 7.14.4.2.1** The three (3) minutes preparation time starts with the command "PREPARATION TIME BEGINS NOW". The shooters will be introduced to the **spectators before and during the** Preparation Time and if necessary the first minutes of the sighting time. Before and during Preparation Time shooters may handle their rifles, dry fire and carry out holding and aiming exercises on their assigned firing points.

7.14.6.3 Commands

The Final consists of 10 shots and will be conducted single-shot-for-shot with the following commands for each shot:

“FOR THE FIRST/NEXT COMPETITION SHOT – LOAD”	After this command the shooter loads his rifle. The rifle MUST NOT be loaded before this command is given.
	That means that the bolt (breech) of 50 m rifles MUST be opened. It is permitted to leave an empty case in the chamber between shots. 10 m Air rifles must be uncocked. The cartridge or pellet must be loaded into the chamber only after the command “LOAD”.
“ATTENTION 3-2-1-START”	The shooter has 75 seconds in which to fire a shot / 45 seconds in prone position
	This command with the count-down should give the shooters sufficient time to take their shooting positions.
	The shooting time starts when the command “START” has been given.
“STOP”	This command is given about five (5) seconds after the last shooter has fired, or immediately on termination of the shooting time. The last second must correspond with the word “STOP”.
“CHANGE TARGETS”	For pit or carrier operated target systems after the command “STOP”.

Finals – Reporting time printed in the official program 7.14.4.1.2

Three positions – Firing order 7.6.2.2

8. Pistol Rules

8.2.1

ISSF Rules state only specific safety requirements which are required by the ISSF for use in ISSF Championships. The safety of a shooting range depends to a large extent on local conditions, so additional safety rules may be established by the Organizing Committee. The Organizing Committee must know the principles of range safety and take the necessary steps to apply them. The Organizing Committee bears the responsibility for safety. Juries and Range officials, Team officials and shooters must be advised of any special regulations.

8.3.0 RANGE AND TARGET STANDARDS

Detailed target and range standards may be found in the Technical Rules (see Section 6.3.0).

8.4.2.6.3 Random Trigger Weight control checks must be conducted immediately after the last series in all qualification rounds of 10 m and 25 m events. At least one shooter should be selected from each Range Section (or eight firing positions for Air Pistol and two (2) shooters per relay for Rapid Fire Pistol) by drawing of numbered lots by the Range Jury. Equipment Control Officers must then conduct the tests before pistols are returned to their cases. A maximum of three (3) attempts to lift the weight is allowed. Any shooter whose pistol fails this test or when a shooter is selected fails to undertake the test, he must be disqualified.

8.4.6 Ammunition

All projectiles used must be made of lead or similar soft material only. Jacketed projectiles are not permitted. The Jury may take samples from the shooter's ammunition for checking.

Pistol	Caliber	Other specifications
10 m Air Pistol	4,5 mm (.177")	
25 m Center Fire Pistol	7.62 mm – 9.65 mm (.30"-.38")	For safety reasons high power type "Magnum" ammunition is not allowed.
50 m Pistol	5.6 mm (.22")	Rim Fire Long Rifle.
25 m Rim Fire Pistol	5.6 mm (.22")	Rim Fire Long Rifle For the Rapid Fire Pistol Event: minimum bullet weight 2.53g = 39gr; minimum velocity 250 m/sec. A chronograph (velocity measurement device) must be available to shooters on the range.

8.4.7.1 It is the responsibility of the competitor to appear on the ranges dressed in a manner appropriate to a public event.

8.4.7.2.1 Women are required to wear dresses, skirts, divided skirts, shorts or trousers, and blouses or tops (which will cover the front and back of the body, and be over each shoulder).

8.4.7.3 The use of any special devices, means or garments which immobilize or unduly reduce the movement of the shooter's legs, body or arms, is prohibited in order to ensure that the performance skills of the shooters are not artificially improved by special clothing.

ISSF

- 8.4.7.7** Side Blinders (either or both sides) attached to the hat, cap, shooting glasses, or to a head band, not exceeding 40 mm deep are permitted (A). These blinders must not extend further forward than to a line from the center of the forehead.
- 8.6.1.4** If a shooter raises his arm too soon, or does not lower it sufficiently (see 8.5.2.5 and 8.6.1.3) in the 25 m Rapid Fire Pistol Event or in the Rapid Fire Stage of the 25 m Pistol or 25 m Center Fire Pistol Event, or in the combined 20 seconds and 10 seconds stages of the 25 m Standard Pistol Event he must be warned by a Jury Member (see 8.5.2.5), and the series must be recorded and repeated. In the 25 m Rapid Fire Pistol Event the shooter must be credited with the lowest value hit on each target. In all other 25 m events, the shooter must be credited with the five (5) lowest value hits in the two series (or three series should a malfunction be involved). If the fault is repeated in the same stage of 30 shots the same procedure must be applied and the shooter must be penalized by a deduction of two (2) points from his score. If a third infringement of this Rule occurs, the shooter must be disqualified (see Rule 8.9.6.5.1).
- 8.6.3.1.2.2** If a shooter considers the marking or target changing is too slow, he may report this to a Range Officer. If the Range Officer or the Jury considers the claim justified, they must correct the situation. If the shooter or a team official considers there is no improvement, the shooter or a team official may protest to the Jury. The Jury may grant a time extension up to a maximum of 10 minutes. Such claims cannot be made in the last 30 minutes of the competition except in unusual circumstances.
- 8.6.4.7.3** **“LOAD”**
- In all 25 m events, the pistol must not be loaded with more than five (5) cartridges. Nothing else is allowed to be inserted into the magazine or cylinder. Only one (1) magazine may be loaded on any command **“LOAD”**.
- 8.6.4.7.3.1** If a shooter loads his pistol or any magazines with more than a total of five (5) cartridges on any command **“LOAD”** he must be penalized by the deduction of two (2) points, for each additional cartridge, from his competition score in that same series.
- 8.6.4.7.3.2** A shot or shots fired before the command **“LOAD”** must incur a penalty of two (2) points on the next competition target (but see also 8.2.5.5).

ISSF

8.6.4.9.3.2.

all shooters will fire the sighting series as well as the competition series at the same time and on the same commands:

“FOR THE SIGHTING SERIES – LOAD”	All shooters load within a time of one (1) minute.
“FOR THE FIRST / NEXT COMPETITION SERIES – LOAD”	All shooters load within a time of one (1) minute.
“ATTENTION”	The red lights must be switched on or if paper targets are used, they must be turned to the edge-on position After a delay of seven (7) seconds (+/-1.0 second) either the green lights will come on, or the target will be turned to face the shooter.
	Before each shot the shooter must lower the arm and adopt the READY position. The arm must be motionless before the green light comes on, or the target appears (see 8.6.1.2, 8.6.1.3 and 8.6.1.4).
	The pistol must not be rested on the bench, or shooting table, during the series.

And see Rules 8.14.6.1.5.1 to 8.14.6.1.5.6.

8.6.6.2.1.2.1

If a shooter fires **more shots** at one of his match targets than are provided for in the program of the event, he must not be penalized for the first two (2) **shots**. For the third and all succeeding such misplaced shots he must be penalized by a deduction of two (2) points for each one in the event from the series in which the occurrence happens. He must also fire a fewer number of shots at the remaining targets so that the number of shots does not exceed that provided for in the program.

8.6.6.2.2.1.1

If a **shooter fires more competition shots on** a target than the program calls for, or more than one shot at one appearance of the target in a Rapid Fire Series, the highest value hit(s) must be **disregarded** from the score of that **target**. **Two** (2) points must also be deducted from the score of that series for each extra shot fired in the series (i.e. more than five (5) shots). This penalty is in addition to the penalty of two (2) points that may be imposed under rule 8.6.4.7.3.1. Two (2) points must also be deducted on every occasion if two shots are fired during a single exposure of the target in the Rapid Fire stages of the 25 m Pistol and the 25 m Center Fire Pistol Events.

ISSF

- 8.6.6.2.3.1** Any shot(s) fired accidentally after the command “**LOAD**” has been given, but before the beginning of a competition series, must not be counted in the competition but two (2) points must be deducted from the following series. This penalty must not apply in the sighting series. The shooter having fired accidentally must not continue, but must wait until the other shooters have finished that series and then indicate to the Range Officer as if he had a malfunction. The Range Officer will then permit him to continue and repeat the series in the same time stage with the following regular series. The final series of the stage will be fired immediately after all shooters have completed that time stage. **If this procedure is not followed and the shooter continues the original series, the accidentally fired shot will be scored as a miss (zero).**
- 8.8.3.4** he may continue to fire with another pistol of the same type of **mechanism (semiautomatic or revolver)** and of the same caliber.
- 8.8.4.2** If a Malfunction (allowable or non-allowable) occurs in the sighting series it must not be registered as a malfunction. The shooter may complete the sighting series by shooting the unfired shots **in the specified time for the sighting series for that event; fired immediately.** In precision stages the unfired shots may be fired in a maximum of two (2) minutes.
- 8.8.4.3.1.7** the pistol fires automatically without the trigger being released. The shooter must stop firing immediately and must not continue to use such a pistol without the permission of a Range Officer or a Jury Member. **When using EST the first shot will be scored by the system and this will be credited to the shooter. When using paper targets should** the automatically fired shot(s) hit the target, the hit(s) found highest up on the target shall be disregarded **before the repeat series.** After any repeat series all the shot(s), except those that were disregarded on the one target concerned, must be included to establish the score;
- 8.8.4.4** **Determining the Cause of a Malfunction**
- If the external appearance of the pistol does not show an obvious reason for the malfunction **and there is no indication and** the shooter does not claim that there may be a bullet stuck in the barrel the Range Officer must take the pistol without interfering with or touching the mechanism, point the pistol in a safe direction and pull the trigger one time only to determine whether the trigger mechanism had been released.

ISSF

8.8.4.5.2.1.2 The shooter must fire all five (5) shots at the target(s) in any repeat series, unless a further malfunction occurs. Should a second malfunction occur, then the shooter may not re-fire again (but unfired shots must NOT be scored as zero(s); the scoring must be as in 8.8.4.5.2.1.6). Any shot(s) not fired or not hitting the target in the re-fire must be scored as a miss(es) (zero(s)). The shooter may continue to shoot the remainder of the event.

8.8.4.5.3 All 25 m Pistol Events

An ALLOWABLE MALFUNCTION may be claimed:

8.8.5.6.5.1 In the Precisions Stages of 25 m Pistol and 25 m Center Fire Pistol Events and in the 150 seconds series of the 25 m Standard Pistol Event, the shooter must immediately (before the next shot) inform the nearest range official of the failure.

8.8.5.6.5.1.1 The shooter will then be directed to complete the series in a time decided by the Jury.

8.8.5.6.5.2 In the Rapid Fire Stages of 25 m Pistol and 25 m Center Fire Pistol Events and in the Rapid Fire Stages of the 25 m Standard Pistol Event, the shooter must continue the five (5) shot series and must inform the nearest range official of the failure immediately after the end of the series.

8.8.5.6.5.2.1 There will be no repeated series. The score will be determined by the Classification Jury.

8.8.5.6.5.3 Deleted and next rule 8.8.5.6.5.4 becomes 8.8.5.6.5.3

8.11.2.2.2 The horizontally elongated bullet hole in the target must be measured with a skid gauge. All measurements made using a skid gauge must be made using the inside edges of the engraved lines (see Technical Rules 6.7.15.7).

8.12.2.6.1 Ties must be decided by a **shoot-off** consisting of one series. All shooters tied for third place or sixth (8.12.2.5.2) will be ranked according to the score from the shoot-off which will be conducted as follows:

Event	Shoot-off series	Sighting series
25 m Rapid Fire Pistol	one (1) four (4) second series	one (1) four (4) second series
25 m Center Fire Pistol	one (1) five (5) shot series in the rapid fire course	one (1) five (5) shot series in the rapid fire course
25 m Standard Pistol	one (1) 10 seconds series	five (5) sighting shots in a 150 seconds series

ISSF

- 8.13.4.3.1** When using paper targets, a shooter or team official who considers that a shot was scored or recorded incorrectly may protest that score, except that decisions made regarding the value of shots by using gauges are final and cannot be protested. Scoring protests may only be made on scores which have been decided without using a gauge or when incorrect entries in the result list or score card appear to have been made. **The same penalties that apply to Electronic Scoring Target score protests apply (see 8.13.4.2.3.1).**
- 8.14.4.1.3** **The target presentation on the spectator's monitors must be the same for all eight (8) (in 25 m Rapid Fire Pistol Men six (6)) spectator's monitors and needs to be easily visible by the spectators.**
- 8.14.4.2** **Preparation Time and Presentation of Finalists in 10 m and 50 m Events**
- The three (3) minutes preparation time starts with the command "PREPARATION TIME BEGINS NOW". The shooters will be introduced to the spectators before and during the Preparation Time and if necessary the first minutes of the sighting time. Before and during Preparation Time shooters may handle their pistols, dry fire and carry out holding and aiming exercises on their assigned firing points.**
- 8.14.4.3** **Preparation Time and Presentation of Finalists in 25 m Events**
- The two (2) minutes preparation time starts with the command "PREPARATION TIME BEGINS NOW". The shooters will be introduced to the spectators before and during the Preparation Time. Before and during the Preparation Time shooters may handle their pistols, dry fire and carry out holding and aiming exercises on their assigned firing points.**

ISSF

8.14.6.1.5 Commands

The Finals consists of 10 shots and will be conducted single shot-for-shot with the following commands for each shot:

“FOR THE FIRST/ NEXT COMPETITION SHOT – LOAD”	After this command the shooter loads his pistol.
	The pistol MUST NOT be loaded before this command is given.
	That means: The breech of 50 m pistols MUST be open. It is permitted to leave an empty case in the chamber between shots. 10 m Air Pistols must be uncocked. The cartridge or pellet must be loaded into the chamber only after the command “LOAD” .
“ATTENTION 3-2-1-START”	The shooter has 75 seconds in which to fire a shot.
	This command with the count-down should give the shooters sufficient time to take up their shooting positions.
	The shooting time starts when the command “START” has been given.
“STOP”	This command is given five (5) seconds after the last shooter has fired, or immediately on termination of the shooting time. The last second must correspond with the word “STOP” .
“CHANGE TARGETS”	For pit or carrier operated target systems after the command “STOP” .

8.14.6.2.3

all finalists will fire in one group of six shooters or in two groups of three shooters or in three groups of two shooters at the same time and on the same commands:

<p>“FOR THE SIGHTING SERIES – LOAD”</p>	<p><i>All shooters load within a time of one (1) minute.</i></p>
<p>“FOR THE FIRST / NEXT COMPETITION SERIES – LOAD”</p>	<p>All shooters load within a time of one (1) minute.</p>
<p>“ATTENTION”</p>	<p>The red lights must be switched on or if paper targets are used, they must be turned to the edge-on position.</p>
<p>“3-2-1-START”</p>	<p>At the Command “START” the target timer mechanism must be started. The shooters must be in the READY position on the count-down -1.</p>

And see Rules 8.14.6.1.5.1 to 8.14.6.1.5.6.

8.14.6.2.5

10 seconds after the announcement of the results the next series starts.

8.14.6.3.4

Five (5) seconds after the end of the competition series the announcement of the result should start.

8.14.6.3.5

10 seconds after the announcement of the results the next series starts.

8.17.0

The drawing will be replaced with the following:

5-shot Air Pistol Rules

8.20.10

Other Specifications

10 m Air Pistol Five Target Event	a) 1500 g	Box Size Only	Magazine loaded with five (5) pellets.
10 m Air Pistol Standard Event	b) No Restriction	420 mm x 200 mm x 50 mm	Ported barrels and perforated barrel attachments are allowed

9.

Shotgun Rules

9.2.1.1

ISSF Rules state only specific safety requirements which are required by the ISSF for use in ISSF supervised competitions. The safety of a shooting range depends to a large extent on local conditions, so additional safety rules may be established by the Organizing Committee. The Organizing Committee must know the principles of range safety and take the necessary steps to apply them. The Organizing Committee bears the responsibility for safety. **Juries and Range officials,** Team officials and shooters must be advised of any special regulations.

9.2.5.2.1

By permission of the Referee, test firing of guns (a maximum of two (2) shots) is permitted for each shooter on each day of competition immediately prior to the start of his first round of the day **and before viewing of targets.**

9.2.5.2.2

Test firing of guns is also permitted for each shooter prior to the start of the Finals or any shoot offs before or after the Finals, **and before viewing of targets.**

9.5.3.2.4

to provide special ("Flash") targets filled with colored powder for the Finals rounds **and any shoot-offs after the Finals;**

9.6.4.3

However, it is preferred to follow the programs 9.6.4.4 and 9.6.4.5.

9.6.4.4

Trap, Automatic Trap and Skeet

Individual Men and Junior Men:			
2 days	75+50 or	50+75 targets	
Individual Women and Junior Women:			
1 day	75 targets		

ISSF

9.6.4.5

Double Trap

Individual Men and Junior Men:			
1 day	150 targets		
Individual Women and Junior Women			
1 day	120 targets		

9.8.2.1.4

Deleted and the next two rules renumber

9.8.3

SPARE (9.8.3 and 9.8.3.1 has been deleted)

9.8.6.6.5.1

page 450 has a wrong number which must be **9.8.6.3.5.1**

9.8.6.7

deleted

9.9.2.3

Team Leaders must be **familiar with** the Rules and the official training and competition programs.

9.9.4.1.2

Sports trousers, training (warm-up) trousers and jackets, for men and women and similar sports blouses, skirts/dresses for women are allowed. **Sneakers, sandals or any other similar footwear without strap or full support at the heel, without a medical certificate are not allowed.**

9.9.4.2.1

Bib (Start) Numbers must be worn by all shooters, on their backs and above the waist, at all times while participating in official training or competition. If the Bib (Start) Number is not worn, the shooter may not commence/continue. The Bib (Start) Number must display the allocated number as large as possible but should not be less than 20 mm high **(see Rule 6.9.3).**

9.9.4.3

Side Blinders attached to the hat, cap, shooting glasses, or to a head band, not exceeding 40 mm deep are permitted. These blinders **should** not extend further forward than to a line from the center of the forehead.

9.11.1.3.4

at the close of any applicable protest period publish, as soon as possible, the correct final results lists (These **should** contain the full family name, full first name, without abbreviations, **Bib (Start) numbers** and the IOC abbreviations of the shooter's Nation. See 6.7.2.9.1).

9.11.1.4

It is the duty of the **Organizing Committee and the Technical Delegate** must ensure that on the last day of each event one (1) copy of the official results of the event immediately after it has been verified is sent to the ISSF Secretariat by Fax or e-mail **(see 6.7.3).**

ISSF

9.11.1.5 It is the duty of the Organizing Committee and the Technical Delegate must ensure, that within three (3) days after the conclusion of the competition three (3) copies of the verified official results lists for each event are sent to the ISSF Secretariat (see 6.7.4).

Note: The Organizing Committee must retain the range scorecards, which show the results of every target shot at, for a minimum of 12 months after the conclusion of the competition.

9.12.1.8.1.3.1 However, if four (4) or more shooters are tied for more than one (1) ranking place (e.g. four (4) shooters tied for places 2, 3, 4, 5) and two (2) or more of these shooters miss their respective target(s), these shooters must leave their Stations and wait, together with their shotguns (safely empty and open), within an area indicated by the Referee.

9.12.1.8.1.5 Only when this shoot-off is completed shall any other tied shooters shoot-off for the next lower ranking position. When the shoot-off for the next lower ranking position resumes, the tied shooters must retain their original starting places.

9.12.3.4.1 Individual tied scores ranking 7th place and below, not decided by a shoot-off must be ranked according to the "Count Back" rule (see Rule 9.12.2).

9.12.6.3 The first shooter must always be permitted to see the target to be shot on every Station, before he shoots (the target to be seen, must be released from the trap machine by the Referee, before the shooter moves on to the station). Each shooter in the shoot-off must receive a target from the same machine.

9.12.7.3 At Station one (1) only, the shooters must be permitted to view a trial target.

9.12.9.1 Before the shoot off starts, the first shooter must stand **immediately behind** Station 4 and be permitted to see one (1) regular double.

9.13.3.4.1.7 Any deductions made by the Referee (GREEN CARD) for any second or subsequent occurrences in a round for any of the violations listed must be indicated on the scorecard before the card is sent to the Classification Office.

9.13.4.1 Deduction of targets for other offences imposed by at least two (2) of the Jury, must be taken from the round in which the offence occurred.

9.13.4.4.1 If a shooter is not present on the range when his name is checked with the scorecard, the Referee must have the shooter's Bib (Start number) and name called out loudly three (3) times within one (1) minute. If the shooter does not appear by the end of that minute the Referee must declare him "ABSENT" loudly.

9.13.5.1 Disqualification may be imposed by a majority decision of the Jury.

ISSF

9.13.7.1 The Organizing Committee must supply printed forms for use in submitting written protests (copies of Annex “P” to Article 3.12.3.7).

9.13.11.5 This article is deleted; next number changed from 9.13.11.6 becomes 9.13.11.5

9.14.1.3 The Referee must take charge and when all preliminary procedures are completed (names, numbers, Assistant Referees, test firing, viewing of targets, etc.) give the command “START”.

9.14.2.8 No shooter having shot on one Station may proceed toward the next Station in such a way as to interfere with another shooter or official.

9.14.5.1 TWO (2) DAY COMPETITION (75 + 50)

	1 st DAY	2 nd DAY
	75 Targets	50 Targets
3 Ranges	3 settings (different setting for each range)	Changed - but same setting for all ranges
4 Ranges	Same setting for all ranges	Changed - but same setting for ranges 1 and 3 and new but different - same setting for ranges 2 and 4

9.14.5.1.1 OR TWO (2) DAY COMPETITION (50 + 75)

	1 st DAY	2 nd DAY
	50 Targets	75 Targets
3 Ranges	Same setting for all ranges	Changed but different setting for each range
4 Ranges	Same setting for ranges 1 and 3 and different – but same setting for ranges 2 and 4	Changed but same setting for all ranges

ISSF

9.14.5.2

THREE (3) DAY COMPETITION (50 + 50 + 25)

	1 st DAY	2 nd DAY	3 rd DAY
	50 targets	50 targets	25 targets
3 Ranges OR	Same setting for all ranges	3 settings (different setting for each range)	
3 Ranges OR	Same setting for all ranges	Changed – but same setting for all ranges	Changed – but same setting for all ranges
4 Ranges OR	Same setting for ranges 1 and 3 and different - but same setting for ranges 2 and 4	Changed – but same setting for all ranges	Changed – but same setting for all ranges
4 Ranges	Different setting for each range		Changed – but same setting for all ranges

9.14.5.2.1

OR THREE (3) DAY COMPETITION (50 + 25 + 50)

	1 st DAY	2 nd DAY	3 rd DAY
	50 targets	25 targets	50 targets
3 Ranges	3 settings (different setting for each range)		Changed – but same setting for all ranges
4 Ranges	Same setting for ranges 1 and 3 and different – but same setting for ranges 2 and 4	Changed – but same setting for all ranges	Changed – but same setting for ranges 1 and 3 and different - but same setting for ranges 2 and 4

9.14.5.2.2

OR THREE (3) DAY COMPETITION (25 + 50 + 50)

	1 st DAY	2 nd DAY	3 rd DAY
	25 targets	50 targets	50 targets
3 Ranges	3 settings (different setting for each range)	Changed – but same setting for all ranges	
4 Ranges	Same setting for all ranges	Changed – but same setting for ranges 1 and 3 and different - but same setting for ranges 2 and 4	Changed – but same setting for ranges 1 and 3 and different – but same setting for ranges 2 and 4

ISSF

- 9.14.5.4** If the Organizing Committee together with the Jury, decide that the Trap competition for any group of shooters (e.g.: Men, Women or Juniors) is to be conducted on only one (1) separate range, the settings must be changed after all shooters in this group have completed fifty (50) targets (except in the World Cup Final competition).
- 9.14.7.5.8** the Referee detects an initial violation of the shooter's foot position in a round (YELLOW CARD) (see Rule 9.13.3.4.1.1);
- 9.14.7.5.9** the Referee detects an initial violation of the time limit (YELLOW CARD) (see Rule 9.13.3.4.1.2);
- 9.14.9.1.8** the time limit is violated and the shooter has been warned once already (YELLOW CARD) in the same round (see Rule 9.13.3.4.1.2 and 9.13.3.4.1.7);
- 9.14.9.1.9** the shooter's foot position is violated and the shooter has been warned once already (YELLOW CARD) in the same round (see Rule 9.13.3.4.1.1 and 9.13.3.4.1.7).
- 9.15.1.3** The Referee must take charge and when all preliminary procedures are completed (names, numbers, Assistant Referees, test firing, viewing of targets etc.) give the command "START".
- 9.16.1.3** The Referee must take charge and when all preliminary procedures are completed (names, numbers, Assistant Referees, test firing, viewing of targets etc.) give the command "START".
- 9.16.8.5.12** the Referee detects an initial violation of the shooter's foot position in a round (YELLOW CARD) (see Rule violations 9.13.3.4.1.1);
- 9.16.8.5.13** the Referee detects an initial violation of the time limit (YELLOW CARD) (see Rule violations 9.13.3.4.1.2) ;
- 9.16.10.1.8.5** The time limit is violated and the shooter has been warned already in the same round (see Rule violations 9.13.3.4.1.2).
- 9.16.10.1.8.6** The shooter's foot position is violated and the shooter has been warned already in the same round (see Rule violations 9.13.3.4.1.2).
- 9.17.1.1** The squad must assemble on the range with sufficient ammunition and all equipment necessary to complete the round. The Referee must take charge and when all preliminary procedures are completed (names, numbers, Assistant Referees, test firing, viewing of targets etc.) give the command "START".
- 9.17.11.2.2.1** any pockets of the shooting vest must be empty;
- 9.17.12.1.5** **Note:** Following or pointing with the gun at a "slow" or "fast" pull target without shooting is not permitted. Rule 9.13.3.4.1.5 will apply.

ISSF

- 9.17.15.1.8 a shooter's **READY** position is not according to **Rule 9.17.10** and the shooter has been warned once already (**YELLOW CARD**) in the same round (see **Rule 9.13.3.4.1.3 and 9.13.3.4.1.7**);
- 9.17.15.1.9 the time limit is violated and the shooter has been warned once already (**YELLOW CARD**) in the same round (see **Rule 9.13.3.4.1.2 and 9.13.3.4.1.7**);
- 9.17.15.1.11 the shooter's foot **position** is violated and the shooter has been warned once already (**YELLOW CARD**) in the same round (see **Rule 9.13.3.4.1.1 and 9.13.3.4.1.7**).
- 9.17.15.1.12 If a shooter opens his gun between singles (except on Station 8), and the shooter has been warned once already (**YELLOW CARD**) in the same round the target must be declared "**LOST**" (see **Rule 9.13.3.4.1.4 and 9.13.3.4.1.7**).
- 9.17.15.2.1 if a shooter misses the first target in a double and suffers an allowable malfunction on the second shot, the first target must be declared "**LOST**" and the double repeated to establish the result of the second shot only. Likewise if the shooter breaks the first target with the first shot it must be declared "**HIT**" and the double repeated to establish the result of the second shot only. In both cases the shooter must shoot at both targets in the repeated double.
- 9.17.15.2.3 if a shooter misses the first target in a double and accidentally hits the second target with that same shot; the first target must be declared "**LOST**" and the double repeated to record the result of the second shot only. The shooter must always shoot at both targets in the repeated double(s). The shooter is permitted two (2) attempts on any one Station in a round. If the same situation occurs for a third time, the results must be recorded as "**LOST**" and "**LOST**".
- 9.17.15.2.4 if a shot is discharged involuntarily after the shooter has called for the targets but before the targets appear, the first target shall be recorded "**LOST**" and the double must be repeated to determine the result of the second target only. If the shooter fires the second shot then the first target will be declared "**LOST**" and the result of the second target will be recorded.
- 9.18.12.3.1.1 the record of the **shots in** the Finals up to the point of breakdown must be examined;
- 9.19.4 **Trap Setting Tables (I-IX)**
(see Rule **9.14.4; 9.14.5.5 to 9.14.5.8**)

ISSF

10. Running Target Rules

- 10.2.1** ISSF Rules state only specific safety requirements which are required by the ISSF for use in ISSF Championships. The safety of a shooting range depends to a large extent on local conditions, so additional safety rules may be established by the Organizing Committee. The Organizing Committee must know the principles of range safety and take the necessary steps to apply them. The Organizing Committee bears the responsibility for safety. **Juries and Range officials**, Team officials and shooters must be advised of any special regulations.
- 10.3.0** **RANGE AND TARGET STANDARDS**
Detailed target and range standards may be found in the Technical Rules (see 6.3.0).
- 10.4.2.3.1** If the **rifle** is accidentally loaded with more than one (1) pellet:
- 10.4.2.3.1.1** if the shooter is aware of the situation, he must raise his non-shooting hand to indicate to a Range Officer that he has a problem. A Range Officer must then supervise the unloading of the **rifle** and no penalty will be incurred. No extra time will be allowed, but the shooter may continue in the normal way;
- 10.4.7.6** **Side Blinders (either or both sides)** attached to the hat, cap, shooting glasses, or to a head band, not exceeding 40mm deep are permitted (A). These blinders must not extend further forward than to a line from the center of the forehead.
- 10.5.5.10** Page 527 changed to 10.5.6
- 10.5.5.10.1** Page 528 changed to 10.5.6.1
- 10.5.6** Page 528 changed to 10.5.7
- 10.6.3.17.1** Shooters should familiarize themselves during training with the control buttons that alter the target presentation on the monitor screen (**ZOOM facility**).
- 10.6.4.5** If a shooter's equipment has been passed by the Equipment Control Section, but the shooter is unable to produce the Equipment Control Card at the start of the event, the shooter may commence, but will be penalized with a deduction of two (2) points from the first series (50 m from the total of the stage), if he (or his coach or team officials) cannot obtain confirmation that the equipment has been previously passed by the Equipment Control Section before the official end of the shooting time for that event. The responsibility rests with the shooter (or his coach or manager) to visit the Equipment Control Section for this **purpose**.
- 10.6.4.6** A shooter who violates Rules 10.6.1.1 and 10.6.1.2 (shooting position) must be given a WARNING after the first violation. After repeated violations of these rules the Jury may penalize him by counting a fired shot(s) as **misses**.

ISSF

- 10.13.4.3.1** When using paper targets, a shooter or team official who considers that a shot was scored or recorded incorrectly may protest that score, except that decisions made regarding the value of shots by using gauges are final and cannot be protested. Scoring protests may only be made on scores which have been decided without using a gauge or when incorrect entries in the result list or score card have been made. **The same penalties that apply to Electronic Scoring Target score protests apply (see 10.13.4.2.2).**
